

# Don't be eaten out of house and home.

## Protect yourself with TimberSecure

- Up to \$100,000 termite insurance
- 5 years coverage
- Only \$420
- No excess
- Transferable if you sell your home

## Termites = no insurance cover?

Don't be surprised to find that your current building insurance does not cover you against the structural damage that termites cause.

Most, if not all, insurance policies specifically exclude structural timber damage caused by termites.

## Saving you the cost of repairs

How would you like the peace of mind of knowing that if termites invaded your home and caused structural damage, you wouldn't have to pay the repair bill?

## What is TimberSecure?

TimberSecure is a five year termite insurance policy designed to give you peace of mind following the installation of an approved termite management system.

## What does it cover?

If termites enter your home and cause timber damage during the insurance period, your TimberSecure insurance policy will cover all structural & decorative timber repairs or replacement, up to the value of \$100,000\*.

And, you don't have to pay an excess!

### HOW DO I GET IT?

1. Arrange for us to install or renew a complete termite management system
2. Submit a TimberSecure application within 4 weeks of installation and include the relevant supporting documentation

## For all your pest control needs
